## EDUCATION

Graduated with a **Bachelor of Science: Digital Design** from the University of Cincinnati DAAP program 2010  
**www.daap.uc.edu** | The University of Cincinnati DAAP program is ranked among the very best in both a world and national class and was rated among the top 30 design schools on the planet in BusinessWeek magazine's biennial report in 2009.

Dean's List The University of Cincinnati taught me to be a 'swiss army knife' of design skills, able to fulfill a variety of tasks within the fields of web, motion, and interaction design. The coop program provided me with an opportunity to learn the methodology of design in the classroom and then immediately put my training to work interning at a variety of companies across the world.

Received my **Diploma** from Clements High School, Sugar Land, TX 2003

## QUALIFICATIONS

I have a **Passion** for design & creating solutions both usable and beautiful. I have proven my **creativity** on a variety of projects both education and business oriented, and in finding the right solution for the project at hand. I have learned to work with a **team** in order to develop the best design solutions.

Technical Skills **Graphic:** Photoshop, Illustrator, Keynote, InDesign
